PROFESSIONAL SUMMARY

Aspiring Data Analyst and AI Engineer with hands-on experience in machine learning, data analytics, and dashboard development. Skilled in Python, SQL, Excel and data visualization tools to build real-world solutions. Strong interest in Generative AI, DevOps, and scalable analytics systems.

EDUCATION

- **B.Tech in Information Technology** 2022 – 2026
Prince Shri Venkateshwara Padmavathy Engineering College, Chennai
CGPA: 7.9/10
 - **CBSE – Higher Secondary & Secondary** 2020 – 2022
Alagappa Academy, Karaikudi
Class XII: 61% Class X: 60%
-

TECHNICAL SKILLS

- **Languages:** SQL, Excel, Tableau
 - **Platforms:** GitHub, Docker, VS Code, Ubuntu, Salesforce (Admin/Developer)
-

PROJECTS

- **Loan Risk Monitoring System using MCP (Final-Year-Project)** 2026
Developed a data-driven loan risk monitoring system to analyze borrower profiles and identify high-risk applicants. Implemented data preprocessing, risk classification logic, and interactive dashboards using Python, SQL, and Tableau. Enabled better decision-making through real-time insights into approval status, loan distribution, and risk patterns.
 - **Loan Approval Prediction System (ML)** 2025
Built machine learning models using Logistic Regression and Decision Trees to predict loan approval outcomes. Performed data cleaning, feature engineering, and model evaluation.
 - **Business Workflow Web App (IINTERN-TVSCS)** 2025
Developed a Python-based web application to monitor internal workflows and visualize business data, improving operational efficiency.
 - **Driver Drowsiness Detection System** 2025
Implemented a real-time system using OpenCV and Haar Cascade classifiers to detect eye closure and trigger alerts for driver safety.
 - **5G Session Manager (Open5GS + UERANSIM)** 2025
Built a session management tool to control UE connections using `nr-cli` with real-time log monitoring for debugging.
 - **Student CRM Automation (Salesforce)** 2024
Designed CRM workflows, automated lead tracking, and created dashboards for engagement insights.
-

INTERNSHIP EXPERIENCE

- **Data Analytics Intern – TVS Credit Services Ltd.** Aug 2025 – Dec 2025
Worked on data analysis, dashboard development, and internal tools. Built solutions to improve business monitoring and reporting efficiency.
-

CERTIFICATIONS

- Data analytics – Greens technologies
 - Generative AI Prompt Engineering – Nunnari Labs
 - Introduction to 5G Wireless Networks – Vaan Megam Networks
 - Unreal Engine Game Development & AR/VR Workshops
 - Robotics Workshop – PSVPEC
-

ACHIEVEMENTS

- Patent Published: Smart Bus Ticketing System – Intellectual Property India (2023)
